- Spearheaded the creation and implementation of product designs and system architecture.
- Developed and deployed the frontend of the web application using Next.js.
- Collaborated with a diverse team to integrate the frontend with backend technologies.
- Exhibited strong problem-solving skills by effectively tackling and resolving intricate technical challenges.
- Led personalized mentorship programs, providing guidance and support to aspiring tech professionals.
- Fostered a culture of knowledge sharing and skill development within the team.

### Shan Interiors Ltd *October  2022 - present*

*Freelance graphic artist and web site development*

**Responsibilities:**

- Led brainstorming sessions to generate innovative methods for presenting designed collaterals to prospective clients in both digital and print formats.
- Incorporated feedback and suggestions to continuously improve design quality and effectiveness.
- Supervised a team of designers, ensuring synergy and making necessary corrections to maintain high standards.
- Utilized Adobe Creative Suite (Photoshop, Illustrator, InDesign) to design and refine graphics, logos, and other visual elements and collateral.

## Hard Skills

- Nodejs/Nestjs
- SQL (Oracle, SQL Server)
- JIRA/TRELLO/CLICK-UP
- GITHUB/GIT/Bitbucket
- System design

## Skills / Interests / Miscellaneous

**Ai Appreciation:**

My recent exploration into AI has significantly enhanced my capabilities. I view AI as a powerful tool that enables me to make insightful decisions and develop innovative solutions with ease. By integrating AI into my workflow, I can tackle complex problems and streamline processes, maximizing productivity and delivering exceptional results.

**Child guidance:**

Offering guidance, support, and education to help children develop sound judgment and avoid common pitfalls.

- *My personal project is predicated around this.*

**Innovation management:**

I enjoy taking initial concepts and expanding upon them to make them more practical and impactful, bringing them to life.

## Polo Luxury  *June 2021 - March 2023*

*Inhouse Graphics Designer*

**Responsibilities:**

- Contributed to brainstorming sessions and provided creative input for design concepts and strategies.
- Incorporating suggestions to improve design quality and effectiveness.
- Actively sought opportunities to learn and grow professionally, attending workshops, webinars, and industry events to expand skills and knowledge in graphic design.
- Utilized Figma, Adobe Photoshop, Illustrator, InDesign) to design and refine graphics, logos, and other visual elements.
